VOL. XXVIII.

STANFORD, KY., FRIDAY, MARCH 23, 1900, 9 A. M.

NO. 7

NEWS OF THE VICINAGE.

At Miller's Creek, in Estill county, Bud Abney was shot and killed by Andrew Johnson. Johnson surrendered at Irvine.

John Burns has been appointed postmaster at Kenesee, Whitley county, D. M. Penn at Rollings, Casey county and C. Reynolds at Tyner, Jackson county.

The case of Col. D. G. Colson, charged with the murder of E. D. Scott and L. W. Demaree, has been set for trial April 17 in the Franklin circuit court. Colson is very much improved.

Harrison Jones, a Negro, was captured in Danville and taken to Lexington. He is charged with murdering Harriet Fields, also a Negro, with an axe handle in that city seven years ago.

Leonard Smallwood, charged with the murder of Millard Hughes, refused to testify at London against M. L. Goff, charged with selling liquor, and the court ordered the jailer to keep him in a dark cell upon half rations until he agreed to talk.

In Bell county John Langley and Moses Sopher had an altercation in which Langley and Sopher were both killed and a man named Johnson seriously wounded. It occurred over Langley arresting Sopher two years ago while constable, on a charge of obtaining goods under false pretenses.

Adolph Kunz, a prominent London druggist, took an ounce of laudanum with suicidal intent. Drs. Ramsey and Caldwell were called in as soon as it was learned that Kunz had taken the drug, and they tried for hours to restore him to consciousness, but failed, and he died. He married a Miss Shanks of Louisville and they have eight children. Business reverses are said to have caused the rash act.

Miss Mary Robertson, one of Danville's most beloved women, died Tuesday night of paralysis. She was a daughter of the late A. S. Robertson, and a sister of Messrs. Rufus, A. B. and A. S. Robertson and Mrs. W. G. Dunlap, of Danville. She was greatly beloved by all who knew her and many there are who will weep with those of the stricken household. She was a member of the First Presbyterian church and it did not number in its congregation one more loyal. As an humble follower of the Master, as a King's Daughter, going about quietly doing good, as a tender daughter and gentle sister—in a word, as a lofty, high-minded Christian lady and noble woman—she will be remembered by those who knew her best. She has gone to lay at the feet of her Master the stainless record of a beautiful life.—Advocate.

WHITE WASH.—The season for applying it being at hand we give the recipe used in making it for the White House at Washington: "Take a half bushel of unslaked lime, slake it with boiling water, cover during the process to keep in steam, strain the liquid through a fine sieve or strainer, and add to it a peck of salt, previously dissolved in warm water; three pounds of ground rice boiled to a thin paste and stirred in while hot; half a pound Spanish whiting and one pound of glue, previously dissolved by soaking in cold water, and then hanging over in a small pot hung in a larger one filled with water. Add five gallons of hot water to the mixture, stir well, and let it stand a few days covered from dirt. It should be applied hot, for which purpose it can be kept in a portable furnace."

A. R. De Pluett, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale by Craig & Hocker druggists, Stanford Ky.

RAILROAD BARGAIN days to points in the Northwest. Seldom, if ever, will such low rates again be made to Minnesota, North and South Dakota, Montana, Idaho, Oregon, Washington, Utah and British Columbia as now. In effect from Louisville by the Monon Route. They will close on March 20th positively. Full information, also maps and time tables, will be furnished on request by E. H. Bacon, D. P. A., Monon Route, Louisville, Ky.

VOLCANIC ERUPTIONS
Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them, also Old Running and Fever Sores, Ulcers, Boils, Felsos, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains, Best File Cure on Earth. Drives out Pains and Aches. Only 25c a box. Cure guaranteed. Sold by Penny Drug Store.

The Stonewall Jackson Memorial Association has been incorporated in Virginia. The object of the association "is to procure, by purchase, the Chandler house, in Caroline county, Va., in which Stonewall Jackson died, together with the farm on which the house is located, and to preserve the house as nearly as can be in its original form, and to collect therein such furniture, portraits, books, manuscripts and other relics as were possessed by him or connected with his career."

BISMARCK'S IRON NERVE
Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Penny's drug store.

MT. VERNON.

Early gardeners are feeling like digging up their planted seeds.

G. T. Johnson has moved into his new and commodious store-house at Orlando.

D. S. Purdon has moved to his new dwelling on Williams street. W. J. Sparks was in Louisville yesterday.

N. I. Buster, the lime kiln owner, is out from Boyle county. He is making preparations to do a large business this season.

Dr. Davis has our thanks for news items given during the past several weeks. Doc corralled all the news that passes his way.

The old brick hotel on Main and Church streets will shortly be remodeled and lower story changed into two store rooms, both of which have been engaged by business men.

County Attorney Colyer, who is an ardent Baptist, claims that Thomas Jefferson got his ideas of formation of democratic party from the laws and rules of the Baptist church.

Here's a portion of an editorial from the Louisville Dispatch: "This circulation is among the solid, substantial citizens of both city and country, and not among the red-mouthed politicians, who were so loud in their initial support of the paper." So those "2,000 democratic stockholders" are now labeled red-mouthed politicians. Pretty good.

That freak spring mentioned in the last week's Signal is not a hoax as most every one believed on reading the article. A white sediment still flows from the spring and on coming in contact with the air it crystallizes and has banked up along the stream for several hundred feet. Live stock will not drink the water and the people are afraid of it. Another spring on about the same elevation half mile around the mountain is doing the same freakishness. These springs are in Dry Valley, five miles South of this place.

Thomas Capps, of Brodhead, this county, who is soldiering in the Philippines, says in one of his late letters that while on outpost duty a sharpshooter belonging to the enemy dropped one of the American guards by a ball thro' the ankle. It was just before daylight. Young Capps kept his eyes peeled and it wasn't long before the top-knot of a Tagal appeared from behind a tree. Rockcastle marksmanship came into play. When daylight came Capps went out to discover the result of his shot. He found a man lying apparently dead, but when he reached the body it suddenly jumped up with a big knife and made for Capps, who, being of an athletic nature, overcame the man whom he found had a furrow across his head from the shot fired by the American, who made a prisoner of his antagonist.

D. S. McKinney and Squire Russell Dillion were up from Livingston Monday. Joshua Boreling, Jr., is staying in postoffice while Mrs. Baker is on a trip to Louisville. W. C. Symmes was here from Pine Hill Tuesday. E. T. Fish is here for a few days and is selling tobacco to our merchants. He has a nice position with a large Louisville factory. W. J. Sparks was appointed assignee of Farmer & Powell, the Livingston merchants. Agent Farmer, of Brodhead, is able to hobble about the depot with a crutch. Mrs. Martha Schooler, of Garrard, is visiting the family of Willis Adams. The writer was in Crab Orchard yesterday and met the famous story teller of Garrard. He told a few and kept the crowd at Stuart's sale in a good humor. M. J. Harris, of Crab Orchard, like the writer, has no fears of the number 13, but is rather inclined in its favor as a luck producer instead of being unlucky.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Strassville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and 50c guaranteed. Trial bottles free at Penny's Drug Store.

The souvenir badge of the Confederate reunion at Louisville, May 30-June 3, will be a celluloid canteen with the profile of Winnie Davis, daughter of the Confederacy, on one side, and the Winnie Davis rose on the other.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists, etc. Hall's Family Pills are the best.

The State Board of Pharmacy has decided to enforce the law which requires that all persons selling medicine in this State shall be graduated pharmacists and shall have certificates as such from that board. R. J. Cassidy of Lexington, has been employed as special agent to prosecute offenders.

CRAB ORCHARD.

Hay is becoming scarce, but our "Exchange" manages to keep a supply for his customers.

Eld. J. S. Brewer, of Louisville, is spending a few days here and is preaching some very interesting discourses at night at the Christian church.

Eld. Wheatly, of Danville, preached at the Baptist church Sunday morning and night, but the weather being very inclement, not many had the pleasure of hearing him.

There was a large crowd at the sale of Mr. Wm. Stuart, but he thinks everything brought only a reasonable price. The farm was not rented as the highest bid was only \$90.

Hon. D. B. Edmiston came over from Camp Nelson and spent Sunday with his family. Dr. T. J. Pettus made a visit to Louisville to see his daughter, Mrs. Maud Campbell. Mrs. J. F. Cummins, of Stanford, is visiting her father, Dr. Pettus, and family.

Miss Annie Bronaugh has returned from a protracted visit to Livingston and Pineville and is now quite ill at her country home. Mr. T. J. Nooe, of Woodford county, spent a day or two with his daughter, Miss Rosa, who is attending College Home School. Mrs. Capt. Dillion has returned from her visit to Jessamine. Mrs. Kittle King will move her millinery store to Mrs. J. Buchanan's store on Main Street, next to Robt Edmiston's dry goods store. A. H. Bastin, of Lancaster, was here this week. Miss Capitola Slaughter has been very much worse for several days, but is resting more quietly at this writing. Kilburn, Stuart has been mingling with home friends for some days. Mrs. B. Alexander, of Liberty, Mrs. A. Gaines, of Spencer, and Mrs. Mayfield, of Halsey, are visiting their father, Mr. Stuart. Messrs. Carpenter and Holman Stuart, with their wives, attended their father's sale. Mr. Joe Brooks was with his mother and sister Sunday.

HUBBLE.

J. W. Bourne lost his gold watch as he went from here or after he got home a few days ago, and offers \$5 to the finder.

Messames L. C. King and F. P. Bishop are each getting from nine to 12 dozen eggs per day from about 150 Leghorn hens, while others in the community, with as many hens of another kind, are buying eggs to eat.

Miss Janice Feland's school still increases, and she now has a good full attendance. Wm. Crutchfield has gone to London to work on the railroad. Mrs. B. W. Givens is at the Joseph Price Infirmary for treatment for a few weeks. We hope she will return much improved. Mrs. Henry Spoonamore is back from visiting relatives in Garrard. Mr. Estus gives our mail line up the the last of July. Miss Mary Etta Carman is in Lexington with her sister. Callie Eubanks has returned from Yeager's saw mill in Casey.

R. L. Hubble sold a young unbroke jack to some Indiana parties for \$110. James Ross has rented four acres of tobacco land from C. P. Blanks for \$12-50 per acre. D. N. Prewitt raised 1,300 bushels of Irish potatoes from two acres of land. J. J. Walker has 91 lambs from 65 ewes. Thomas Hackley sold 2,000 pounds of honey from 20 bee hives in one season, after taking family use out. George Wood sold some sheep for butcher's stuff to Jess Lynn for 5c. S. Dunbar sold some sheep to D. N. Prewitt for 40c. D. C. Spoonamore bought 133 acres of land adjoining him from Tom Baughman at about \$33 per acre. Mack Eubanks sold some fat hogs to D. N. Prewitt for 40c.

"THE LAND OF THE SKY" COUNTRY.

The mountain section of Western North Carolina, where the Southern Railway crosses the Allegheny Mountains, is one of the most beautiful countries on earth, with climatic advantages second to none. This country is known as "THE LAND OF THE SKY," and in this "Land of the Sky" are situated the attractive Resorts of Asheville, Hot Springs, Tryon, Black Mountain, etc. At these points, as well as many others, there are superior hotel accommodations and visitors to this wonderful country find it at all seasons of the year most advantageous.

Adjacent to "The Land of the Sky" is what is known as "The Sapphire Country," which is reached by the Southern Railway via Asheville, Hendersonville, N. C., to Brevard, N. C., thence by stage through a wonderfully interesting country. The Sapphire Inn, on Sapphire Lake, furnishes good accommodations, and Fairfield Inn, on Fairfield Lake, is a large hotel, just completed and being extensively patronized by visitors from all over the United States.

The average altitude of the Sapphire Country is 3,000 feet above the Sea level. The country is most attractive, not only in summer, but also in a Winter and Spring Resort.

Folders, maps and other information mailed free to any address by WM. H. TAYLOR, A. G. P. A., Louisville, Ky.

The official report of the railroad commission shows that there is a total of 3,065 miles of railroads in Kentucky, valued at \$46,403,819. Indiana's assessment is \$153,659,348 on 6,399 miles.

Dr. Hunter McGuire, of Richmond, the eminent Virginia surgeon, who was Stonewall Jackson's chief medical officer, suffered a stroke of paralysis. His condition is critical.

Congressmen and Senators have 15,000,000 packages of seeds to distribute among their rural constituents.

LANCASTER.

In the circuit court, Bradley Stormes was sent to jail for four months for stealing a check from Mrs. H. C. Kaufman.

Miss Dora Gastineau has been sick, but she is much better. Mr. J. T. Hays has gone to Louisville to have a surgical operation performed.

On Wednesday Mr. Lewis Harris, aged 40, a highly respectable citizen, died at his home near McCreary, of spinal trouble. The remains will be buried today, Thursday, in Lancaster cemetery.

Col. W. S. Miller has returned to Knoxville, after a pleasant visit with friends and relatives. Mr. John Shea has returned from Louisville much improved in health. Ex-Gov. Bradley spent Wednesday at home. He says the republicans are sure to win, but he always said that about his client no difference what kind of a case he had. He favors rushing the case through for the public good. Senator Farris showed me a group of the pictures of the democratic Senators and it is a body of fine looking men, among whom none are more handsome than he. Our people are justly proud of Senator Farris for the ability and courage displayed by him in the last session. Messrs. C. C. Fox, Robt. Harding, Luther Stodghill and J. R. Dodd, of Danville, and R. C. Warren, Harvey Helm and W. E. Varnon, of Stanford, attended court this week. The Lancaster Lyceum Co. has a contract for Gen. John B. Gordon to lecture here May 24, during the session of the G. A. R.

In the circuit court Monday, the case of John Smith against Mrs. Ballard, was dismissed, the plaintiff having failed to institute proceedings within the required time prescribed by law. Garfield Gay was fined \$20 for trespass. The case of the Lincoln county court against the Garrard county court, for a disposition of \$1,300 arising from the sale of the part of the Lancaster and Stanford turnpike lying in this county, was settled by agreement. D. W. Vandever being allowed \$350, W. H. Kinaird, treasurer, \$250 and the Lincoln county court \$330, the residue to be divided among the individual stockholders. The grand jury adjourned Wednesday, returning 42 indictments, three-fourths of which were for the illicit sale of whisky, William McDonald confessing in two cases and going to the work house to pay \$50. "Sweetie" Gill, colored, was arrested and locked in jail for same offense. Twelve indictments were returned against the L. & N. for failing to keep the track in proper condition. Eighteen indictments were returned against Hunley Singleton for the unlawful sale of whisky. He gave five good men on bond for his appearance next court, worth in the aggregate about \$75,000. Judge C. H. Breck, of Richmond, was of counsel for the defense in the Smith-Ballard case. No district in the State has a more capable and energetic judge and prosecuting attorney than Judge Sautley and Hon. J. S. Owsley. The validity of the warrants issued by the city court, for the unlawful sale of whisky, was ably argued by Tomlinson, Williams and Walker, involving the question of conflict between the city ordinance and the general law and the question whether local option prevails. The case of Squire Burton against the city of Lancaster for damages incurred by falling into an excavation at the Miller Hotel, was begun Wednesday and is attracting much attention. Arguments are being made this, Thursday morning, by Letcher Owsley, Harding and Tomlinson for the plaintiff and Capt. Herndon and W. I. Williams for the defendant.

LATER.—Squire Burton got a verdict for \$650 against the town.

Writing from McKinney to the Somerset P. H. Journal, B. K. M., of McKinney, says: It has been suggested by a good democrat here that since Taylor is a bankrupt it would be a good idea if he would give himself up, claim the reward for the assassin, give it to his invalid wife, and then, by due process of the law, pass away to his reward in a future world. It was also suggested by another democrat that since the republicans were generous enough to furnish the gun, lead, powder and a man to kill Gov. Goebel, that the democrats should return the favor by furnishing the rope and a man to hang Taylor, according to law. A good move. Who'll second the motion?

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold, we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Meakle, Bedford county, Pa. For sale by Craig & Hocker, druggists, Stanford, Ky.

Kentucky needs less politics and more push; less guns and more gunpoint; less elections and more enlightenment; less promises and more performance; less murders and more manufacture; less railing and more railroads; less liars and more laborers.—Cynthiana Democrat.
